PRESS RELEASE

11th place in "Consulting, Research, and Technology"

January 27, 2025

MHP again one of Germany's best employers

- MHP is one of the top 20 employers in the 2025 ranking of the magazine "stern" and the market research company Statista
- MHP ranks 11th in the "Consulting, Research, and Technology" sector
- The evaluation of employer attractiveness is based, among other things, on employee recommendations

Ludwigsburg – The management and IT consultancy MHP has been voted one of the most respected employers in Germany on the basis of employee assessments. In the "Consulting, Research, and Technology" sector, the Porsche AG company achieved 11th place and improved on the previous year (12th place). This puts MHP among the top 20 – this is the result of the study conducted by the market research company Statista and the magazine "stern".

A total of 650 employers with at least 500 employees in Germany were identified and evaluated in 24 sectors. The researchers surveyed more than 34,000 employees online. They were able to answer questions about their own company – the decisive factor was recommendation. Respondents were also able to select and rate other companies from their sector.

Federico Magno, Group CEO at MHP: "We are one big global team with heart and purpose – talented, passionate and committed. The ranking confirms that we are not only a leader in consulting with innovative projects, but also a valued employer that our employees are delighted to recommend."

ENABLING YOU TO SHAPE A BETTER TOMORROW >>>

About MHP

As a technology and business partner, MHP has been digitizing the processes and products of its around 300 mobility and manufacturing sector customers worldwide for 28 years and providing support for their IT transformations along the entire value chain. For the management and IT consultancy, one thing is certain: digitization is one of the biggest levers on the path to a better tomorrow. This is why MHP, a Porsche AG company, provides both operational and strategic consulting in areas such as customer experience and workforce transformation, supply chain and cloud solutions, platforms and ecosystems, big data and AI, as well as Industry 4.0 and intelligent products. Headquartered in Germany, the consultancy operates internationally with subsidiaries in the USA, Mexico, the UK, Romania, and China. More than 5,000 MHP employees are united by their pursuit of excellence and sustainable success. It is this aspiration that will continue to drive MHP – today and in the future.
